INFORMATION CIRCULAR**

INTRODUCTION

This Information Circular (the “Circular”) is furnished in connection with the solicitation by the management of Titan Medical Inc. (the “Corporation”) of proxies to be used at the Annual and Special Meeting of shareholders (the “Meeting”) of the Corporation to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting. Except where otherwise indicated, this Circular contains information as of the close of business on March 21, 2011. It is expected that the solicitation will be primarily by mail but proxies may also be solicited personally by management of the Corporation at nominal cost. The cost of any such solicitation by management will be borne by the Corporation.

The Corporation may pay the reasonable costs incurred by persons who are the registered but not beneficial owners of voting shares of the Corporation (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) in sending or delivering copies of this Circular and form of proxy to the beneficial owners of such shares. The Corporation will provide, without cost to such persons, upon request to the Secretary of the Corporation, additional copies of the foregoing documents required for this purpose.

FORWARD-LOOKING STATEMENTS

This Circular contains certain forward-looking statements with respect to the Corporation based on assumptions that management of the Corporation considered reasonable at the time they were prepared. These forward-looking statements, by their nature, necessarily involve risks and uncertainties that could cause actual results to differ materially from those contemplated by the forward-looking statements.

INFORMATION CONTAINED IN THIS CIRCULAR

No person has been authorized to give information or to make any representations in connection with the matters to be considered at the Meeting other than those contained in this Circular and, if given or made, any such information or representations should not be relied upon in making a decision as to how to vote on the resolutions or be considered to have been authorized by the Corporation or the Board of Directors (the “**Board**” or “**Board of Directors**”) of the Corporation.

This Circular does not constitute an offer to buy, or a solicitation of an offer to sell, any securities. This Circular also does not constitute the solicitation of a proxy by any person in any jurisdiction in which such a solicitation is not authorized or in which the person making such a solicitation is not qualified to do so or to any person to whom it is unlawful to make such a solicitation.

Shareholders should not construe the contents of this Circular as legal, tax or financial advice and should consult with their own professional advisors as to the relevant legal, tax, financial or other matters in connection with the Meeting.

GENERAL PROXY MATTERS

APPOINTMENT, TIME FOR DEPOSIT AND REVOCABILITY OF PROXY

Shareholders of the Corporation are either registered or non-registered. Registered shareholders typically hold shares of the Corporation in their own names because they have requested that their shares be registered in their names on the records of the Corporation rather than holding such shares through an intermediary (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans). Most shareholders are non-registered because their shares are registered in the name of either (a) an intermediary with whom the non-registered shareholder deals in respect of their shares, or (b) a clearing agency (such as The Canadian Depository for Securities Limited) of which the intermediary is a participant.

Only registered shareholders or duly appointed proxyholders will be permitted to vote at the Meeting. Non-registered shareholders may vote through a proxy or attend the Meeting to vote their own shares only if, before the Meeting, they communicate instructions to the intermediary or clearing agency that holds their shares. Instructions for voting through a proxy, appointing a proxyholder and attending the Meeting to vote are set out in this Circular.

A shareholder may receive multiple packages of Meeting materials if the shareholder holds shares of the Corporation through more than one intermediary or if the shareholder is both a registered shareholder and a non-registered shareholder for different shareholdings. Any such shareholder should repeat the steps to vote through a proxy, appoint a proxyholder or attend the Meeting, if desired, separately for each shareholding to ensure that all the shares from the various shareholders are represented and voted at the meeting.

VOTING BY PROXY

Shareholders who are unable to be present at the Meeting may vote through the use of proxies. Shareholders should convey their voting instructions using one of the two voting methods available: (1) use of the form of proxy or voting instruction form to be returned by mail, delivery or facsimile, or (2) use of the Internet voting procedure. By conveying voting instructions in one of the two ways, shareholders can participate in the Meeting through the person or persons named on the voting instruction form or form of proxy.

To convey voting instructions through any of the two methods available, a shareholder must locate the voting instruction form or form of proxy, one of which is included with the Circular in the package of Meeting materials sent to all shareholders. The voting instruction form is a white, computer scannable document with red squares marked "X" (the "**voting instruction form**") and is sent to most non-registered shareholders. The form of proxy is a form headed "Form of Proxy" (the "**form of proxy**") and it is sent to all registered shareholders and a small number of non-registered shareholders.

MAIL

A shareholder who elects to use the paper voting procedure should complete a voting instruction form or a form of proxy. If the form of proxy is already signed, do not sign it again. Complete the remainder of the voting instruction form or form of proxy. Ensure that you date and sign the form at the bottom. Completed voting instruction forms should be returned to the relevant intermediary in the envelope provided and should be received by the cut-off date shown on the voting instruction form. Completed forms of proxy should be returned in the envelope provided to the Corporation's transfer agent and registrar, Olympia Transfer Services Inc. ("**Olympia**"), 920 – 120 Adelaide Street West, Toronto, Ontario, M5H 1T1 no later than 5:00 p.m. (Toronto time) on May 3, 2011 (or the last business day preceding any adjournment of the Meeting).

FAX

A shareholder who elects to use the facsimile voting procedure should complete a voting instruction form or a form of proxy. If the form of proxy is already signed, do not sign it again. Complete the remainder of the voting instruction form or form of proxy. Ensure that you date and sign the form at the bottom. Completed voting

instruction forms should be faxed to the relevant intermediary at the number provided and should be received by the cut-off date shown on the voting instruction form. Completed forms of proxy should be returned by fax to Olympia at (416) 364-1827 no later than 5:00 p.m. (Toronto time) on May 3, 2011 (or the last business day preceding any adjournment of the Meeting).

INTERNET

Shareholders may convey their voting instructions through the Internet. The relevant website address is set out on the voting instruction form and form of proxy. Follow the instructions given through the Internet to cast your vote. When instructed to enter your Web Voting ID Number, refer to your voting instruction form or your form of proxy. Votes conveyed by the Internet must be received no later than the cut-off time given on the voting instruction form or the form of proxy.

APPOINTING A PROXYHOLDER

Shareholders unable to attend the Meeting in person may participate and vote at the Meeting through a proxyholder. The persons named on the enclosed form of proxy as proxyholders to represent shareholders at the Meeting, being Craig Leon, Reiza Rayman and Stephen Randall, are directors and/or officers of the Corporation. **A shareholder has the right to appoint a person other than those named above to represent such shareholder at the Meeting. A non-registered shareholder who would like to attend the Meeting to vote must arrange with the intermediary to have himself or herself appointed as the proxyholder.** To appoint a person other than Craig Leon, Reiza Rayman and Stephen Randall as proxyholder, strike out the names on the voting instruction form or form of proxy and write the name of the person you would like to appoint as your proxyholder in the blank space provided. That person need not be a shareholder of the Corporation.

Non-registered shareholders appointing a proxyholder using a voting instruction form should fill in the rest of the form indicating a vote “for”, “against” or “withhold”, as the case may be, for each of the proposals listed, sign and date the form and return it to the relevant intermediary or clearing agency in the envelope provided or by facsimile by the cut-off time given on the form. Proxyholders named on a signed form of proxy will be entitled to vote at the Meeting upon presentation of the form of proxy. No person will be entitled to vote at the Meeting by presenting a voting instruction form.

Alternatively, any shareholder may use the Internet to appoint a proxyholder. To use this option, access the website address printed on the voting instruction form or form of proxy and follow the instructions set out on the website. Refer to the control number or holder account number and proxy access number printed on the voting instruction form or form of proxy when required to enter these numbers.

REVOCAION OF VOTING INSTRUCTIONS OR PROXIES

Voting instructions submitted by mail, facsimile or through the Internet using a voting instruction form will be revoked if the relevant intermediary receives new voting instructions before the close of business on May 3, 2011 (or the last business day before any adjournment of the Meeting).

Proxies submitted by mail, facsimile or through the Internet using a form of proxy may be revoked by submitting a new proxy to Olympia before 5:00 p.m. (Toronto time) on May 3, 2011 or the last business day before any adjournment of the Meeting. Alternatively, a shareholder who wishes to revoke a proxy may do so by depositing an instrument in writing to such effect addressed to the attention of the Corporation’s Secretary and executed by the shareholder or by the shareholder’s attorney authorized in writing. Such an instrument must be deposited at the registered office of the Corporation, located at 181 University Avenue, Suite 401, Toronto, Ontario, M5H 3M7, before the close of business on May 3, 2011, or the last business day before any adjournment of the Meeting. On the day of the Meeting or any adjournment thereof, a shareholder may revoke a proxy by depositing an instrument in writing to such effect with the chair of the Meeting; however, it will not be effective with respect to any matter on which a vote has already been cast.

In addition, a proxy may be revoked by any other manner permitted by law.

VOTING OF PROXIES

The persons named in the enclosed form of proxy will vote, or withhold from voting, the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. In the absence of such direction, such shares will be voted for the election of directors and for the appointment and remuneration of auditors as stated under the relevant headings in this Circular. The enclosed form of proxy confers discretionary authority upon the persons named therein to exercise their judgement and to vote with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the date hereof, the management of the Corporation knows of no such amendments or variations or of any other matters to come before the Meeting other than the matters referred to in the Notice of Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

On March 21, 2011, the Corporation had outstanding 50,111,595 common shares, each carrying the right to one vote per share. Shareholders registered on the books of the Corporation (or their respective proxies) at the close of business on March 21, 2011 (the “**Record Date**”) are entitled to vote at the Meeting, except to the extent that a registered shareholder transfers any of such shareholder’s shares after March 21, 2011, and the transferee of such shares produces properly endorsed share certificates or otherwise establishes that such shareholder owns such shares and demands, not later than 10 days before the Meeting, that such shareholder’s name be included in the list of shareholders entitled to vote at the Meeting.

As at March 21, 2011, to the knowledge of the directors and senior officers of the Corporation, no person or company beneficially owns, directly or indirectly, or exercises control or direction over greater than 10% of the common shares of the Corporation.

Subsequently, Dr. Rayman authored grants to the federal and provincial governments to research several areas of robotic surgery. The Corporation had four Named Executive Officers in 2010, being:

- (a) Craig Leon, Chairman and Chief Executive Officer;
- (b) Reiza Rayman, President;
- (c) Joseph Yukich⁽¹⁾, Chief Financial Officer and Secretary of the Corporation; and
- (d) Stephen Randall⁽²⁾, Chief Financial Officer and Secretary of the Corporation

(collectively, the “**Named Executive Officers**” or “**NEO**”).

Notes:

- (1) Joseph Yukich resigned as Chief Financial Officer and Secretary of the Corporation on March 1, 2010.

Compensation Discussion and Analysis

The Board of Directors is responsible for evaluating compensation for the Chief Executive Officer, the President and the Chief Financial Officer and reviewing their salaries and any bonuses on an annual basis. The Chief Executive Officer and the President are responsible for evaluating and reviewing the salaries and bonuses of all other officers, employees and consultants of the Corporation. While the Board of Directors of the Corporation has not adopted a written policy concerning the compensation of executive officers, it has developed a consistent approach and philosophy relating to executive compensation. The overriding principles in the determination of executive compensation are the need to provide total compensation packages that will attract and retain qualified and experienced executives, reward the executives for their contribution to the overall success of the Corporation and integrate the longer term interest of the executives with the investment objectives of the Corporation’s shareholders.

The Corporation has only three executive officers, and places primary importance on the talent of these employees to manage and grow the Corporation. Based on the size of the Corporation and its relatively small number of employees, the Corporation’s executives are required to be multi-disciplined, self-reliant and highly experienced. In determining specific compensation amounts for the Chief Executive Officer, the President and the Chief Financial Officer, the Board of Directors considers factors such as experience, individual performance, length of service, role in achieving corporate objectives, positive research and development results, stock price and compensation compared to other employment opportunities for executives.

The Corporation is an early-stage company engaged in the development and commercialization of robotic surgical technologies. As the Corporation is in the product development stage, it cannot rely on revenues from its operations to finance its activities and advance its goals. Consequently the Corporation looks to raising the requisite capital to finance such activities through equity financings, which are influenced by the financial market’s assessment of the Corporation’s overall enterprise value and its prospects. These in turn are influenced, to a great extent, by the results of its research and development activities and progress in commercializing robotic surgical technologies. The contribution that each of the Chief Executive Officer and the President make to this endeavour, on a subjective analysis by the Board of Directors at the end of each fiscal year, is the primary factor in determining aggregate compensation.

Executive compensation consists of base salary or professional consulting fees, cash bonuses and long-term incentive stock options. In establishing compensation, the Board of Directors attempts to pay competitively in the aggregate as well as deliver an appropriate balance between annual compensation (base salary or professional consulting fees and cash bonuses) and long-term compensation (long-term incentive stock options).

The Corporation has established a stock option plan (the “Plan”) for officers, directors, employees and service providers of the Corporation, prepared in compliance with the requirements of the TSX-V, which is administered by the Board of Directors. The purpose of the Plan is to advance the interests of the Corporation by closely aligning the participants’ personal interests with those of the Corporation’s shareholders generally. Subject to the provisions of the Plan, the Board of Directors determines and designates from time to time the optionees to whom options are to be granted, the number of common shares to be optioned and the other terms and conditions of the stock option grant. The Board of Directors considers factors such as individual performance, the significance of individual contribution to the success of the Corporation, experience, and length of service in determining the amounts of options awarded. See “Ratification, Confirmation and Approval of the Corporation’s Stock Option Plan” for further information on the Plan.

CORPORATE GOVERNANCE PRACTICES

The Canadian Securities Administrators have adopted National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (the “**Disclosure Rule**”). The Disclosure Rule establishes disclosure requirements regarding corporate governance practices of a reporting issuer as well as the requirement to file any written code of business conduct and ethics that a reporting issuer has adopted. Set out below is a description of the Corporation's approach to corporate governance as required by the Disclosure Rule.

Board of Directors

Three of the five members of the Board of Directors are independent directors. An independent director is defined as a director who has no direct or indirect material relationship with the Corporation, being a relationship which could be reasonably expected to interfere with the exercise of a director's independent judgement. Messrs. Reiza Rayman and Craig Leon are considered to be non-independent by virtue of their management positions with the Corporation and their employment relationship with the Corporation. The Board believes that their extensive knowledge of the Corporation's business and affairs is beneficial to the other directors and their participation as directors contributes to the effectiveness of the Board. Messrs. Bernholtz, Barker and Hargrove are considered to be independent directors. These determinations were made by the Board based upon an examination of the factual circumstances of each director and consideration of any interests, business or relationships, which any director may have with the Corporation.

As of the date of this Circular, the independent directors do not currently hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. At the present time, the Board believes that the knowledge, experience and qualifications of its independent directors are sufficient to ensure that the Board can function independently of management and discharge its responsibilities.

The Chairman of the Board, Mr. Craig Leon, is not an independent director, nor does the Corporation have a designated lead director. The Board utilizes its own in-house expertise, and that of its legal counsel, to provide advice and consultation on current and anticipated matters of corporate governance.

Director Meetings

The Board of Directors held 4 meetings during the financial year ended December 31, 2010. The following table summarizes the attendance record for each of the directors at meetings of the Board of Directors, Audit Committee and Compensation Committee.

	Number of Meetings Attended by the Directors

Craig Leon	4/4	n/a	n/a
William Jackson ⁽¹⁾	1/2	n/a	n/a
Martin C. Bernholtz	4/4	4/4	2/2
John E. Barker	4/4	4/4	2/2
John T. Hargrove ⁽²⁾	1/1	n/a	2/2

Notes:

- (1) William Jackson resigned as a director of the Corporation on June 8, 2010 but was present at 1 of 2 meetings of the Board of Directors held prior to resigning.
- (2) John T. Hargrove was appointed a director of the Corporation on September 14, 2010 and was present at the sole meeting of the Board of Directors that was held subsequent to his joining the Board.

Other Reporting Issuer Experience

The following directors of the Corporation are directors of the following reporting issuers (other than the Corporation) as of the date of this Circular:

Name	Name of Reporting Issuer	Name of Exchange/Market
Martin C. Bernholtz	PetroCorp Group Inc. Covalon Technologies Inc. SelectCore Ltd.	TSX TSX-V TSX-V
John E. Barker	Aeroquest International Limited	TSX

Board Mandate

The Board of Directors is responsible for the overall stewardship of the Corporation. This responsibility is discharged by the Board through supervision of its officers and their management of the business and affairs of the Corporation and by:

- overseeing the Corporation's strategic planning process;
- recognizing the principal risks to the Corporation's business and ensuring that systems to monitor and manage those risks are implemented;
- establishing and monitoring the Corporation's corporate governance framework;
- managing and overseeing the Corporation's succession planning process, including the appointment, training and appraisal of the senior management team;
- overseeing the Corporation's policy for communication with shareholders, the investment community, the media, governments and the general public;

- overseeing the integrity of the Corporation's internal control and management information systems; and
- establishing committees and charters for committees and monitoring compliance with such charters.

Position Descriptions

The Board has not developed written position descriptions for the chair of each committee; however, the Board has developed written position descriptions for the Chair of the Board of Directors and the Chief Executive Officer. The Board believes that formulating position descriptions for chair of each board committee is generally more appropriate for corporations of significantly larger size and complexity than the Corporation and which may have significantly larger boards of directors. With respect to management's responsibilities, generally, any matters of material substance to the Corporation are submitted to the Board for, and are subject to, its approval. Such matters include those matters which must by law be approved by the Board (such as share issuances) and other matters of material significance to the Corporation, including any debt or equity financings, investments, acquisitions and divestitures, and the incurring material expenditures or legal commitments. The Board and/or its audit committee also reviews and approves the Corporation's major communications with shareholders and the public including the annual report, if any, (and financial statements contained therein), quarterly reports to shareholders, the annual management information circular and the annual information form. The specific corporate objectives which the chief executive officer is responsible for meeting (aside from the overall objective of enhancing shareholder value) are, in the Corporation's case, typically related to the advancement, growth, management and financing of the Corporation and its research and development project and matters ancillary thereto.

Orientation and Continuing Education

The Corporation does not provide a formal orientation or education program for Board members, as it believes that such programs are not appropriate for a development stage company with an experienced Board, the members of which have been selected for their specific expertise.

The Corporation's directors are highly experienced and knowledgeable, both individually and as a group. The majority of the directors have a medical or business background and have long careers in or related to the medical or financial industry and are intimately familiar with the Corporation's project, through sufficient interactions with management and technology developers.

To ensure that the Board has and maintains the skill and knowledge necessary for them to meet their obligations as directors of the Corporation, each of the directors has visited the Corporation's research and development facility. Summary technology presentations by management relating to various aspects of the Corporation's project is made at meetings of the Board. The Board believes that discussion among the directors and management at these meetings provides a valuable learning resource for the directors with non-technical expertise in the subject matter presented, and that those directors provide management with valuable insights into broader issues facing the Corporation.

Ethical Business Conduct

The Board has not adopted a written code of conduct for its directors, officers and employees, as it believes that a code of conduct is generally more appropriate for corporations of significantly larger size and complexity than the Corporation and which may have significantly larger boards of directors.

In order to ensure that the directors exercise independent judgment in considering transactions and agreements, the Board requires that all directors declare any conflicts of interest with issues or situations as they arise. This would include transactions/agreements in which a director/officer has material interest.

Nomination of Directors

Given the Corporation's current stage of development and size of the Board, the Board is presently of the view that it functions effectively as a committee of the whole with respect to the nomination of directors. The entire Board will assess potential nominees and take responsibility for selecting new directors. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussion among Board members and the Chief Executive Officer of the Corporation.

Audit Committee

The Board of Directors has established an Audit Committee. The Audit Committee met 4 times during the financial year ended December 31, 2010.

Audit Committee Charter

The text of the Audit Committee Charter is attached as Schedule "A" to this Circular.

Composition of the Audit Committee

As of March 21, 2011, the table below sets out the members of the Audit Committee and states whether they are financially literate and/or independent.

Director	Independent	Financially Literate
Dr. Reiza Rayman	No	Yes
John E. Barker	Yes	Yes
Martin C. Bernholtz	Yes	Yes

Relevant Education and Experience

All three directors on the Corporation's Audit Committee have been senior officers and/or directors of publicly traded companies and business executives for a number of years. In these positions, each director has been responsible for receiving financial information relating to the entities of which they were directors. They had, or have developed, an understanding of financial statements generally and understand how those statements are used to assess the financial position of a company and its operating results. Each member of the Audit Committee also has a significant understanding of the business in which the Corporation is engaged and has an appreciation for the relevant accounting principles for the Corporation's business.

External Auditor Service Fees

The table below sets out all fees billed by the Corporation's external auditor in respect of the last two financial years.

Financial Year Ended	Audit Fees⁽¹⁾	Audit-Related Fees⁽²⁾	Tax Fees⁽³⁾	All Other Fees⁽⁴⁾
December 31, 2010	\$34,935	\$22,300	\$4,800	\$8,250
December 31, 2009	\$36,050	nil	nil	nil

Notes:

- (1) 'Audit Fees' are fees billed by the Corporation's external auditor for services provided in auditing the Corporation's financial statements for the financial year.
- (2) 'Audit-Related Fees' are fees not included in Audit Fees that are billed by the auditor for assurance and related services that are reasonably related to performing the audit or reviewing the Corporation's interim financial statements.
- (3) 'Tax Fees' are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning.
- (4) 'All Other Fees' are fees billed by the auditor for products and services not included in the previous categories.

Compensation

Compensation matters are dealt with by the Compensation Committee of the Corporation on and from December 1, 2010. Prior to this date, compensation matters were dealt with by the full Board or on an ad hoc basis by the independent directors of the Corporation.

The members of the Compensation Committee, Messrs. Bernholtz, Barker and Hargrove, are considered to be independent directors.

Other Board Committees

The Board has no standing committee other than the Audit Committee and the Compensation Committee.

Assessments

The Board, its committees and individual directors are not regularly assessed with respect to their effectiveness and contribution, as the Board believes that such assessments are generally more appropriate for corporations of significantly larger size and complexity than the Corporation and which may have significantly larger boards of directors. A more formal assessment process will be instituted as, if, and when the Board deems necessary.

APPOINTMENT AND REMUNERATION OF AUDITORS

Unless such authority is withheld, the persons named in the enclosed instrument of proxy intend to vote for the re-appointment of BDO Canada LLP, Chartered Accountants, Licensed Public Accountants, of Toronto, Ontario, as auditors of the Corporation to hold office until the next annual meeting of shareholders and to authorize the directors to fix their remuneration. BDO Canada LLP were first appointed auditors of the Corporation on December 13, 2010.

RATIFICATION, CONFIRMATION AND APPROVAL OF THE CORPORATION'S STOCK OPTION PLAN

At the Corporation's last annual and special meeting, held on June 8, 2010, the shareholders approved the Corporation's stock option plan (the "**Plan**"). The rules of the TSX-V require the Plan to receive shareholder approval yearly. Key provisions of the Plan are summarized below and a copy of the Plan will be available for review by the shareholders at the Meeting.

Terms of the Plan

Directors, officers and employees of the Corporation, as well as persons who provide a service to the Corporation (such as consulting researchers, doctors and other consultants), are eligible to be granted options under the Plan even if they are not full time employees of the Corporation. The purpose of the Plan is to advance the interests of the Corporation by closely aligning the participants' personal interests with those of the Corporation's shareholders generally.

Options granted under the Plan are granted at the discretion of the board of directors and are typically granted in such numbers as reflect the level of responsibility of the particular optionee and his or her contribution to the business and activities of the Corporation. The terms of the Plan provide that the aggregate number of common shares issuable thereunder (and under any other employee stock option plans or other share compensation arrangements) cannot, at the time of the option grant, exceed 10% of the Corporation's issued capital.

The price at which shares may be issued upon exercise of options granted under the Plan cannot be less than that from time to time permitted under the rules of any stock exchange or exchanges on which the common shares are then listed. Options issued under the Plan may be exercised during a period determined by the Board of Directors, which typically shall not exceed five years (the exercise period may be increased up to ten years from the date the option is granted should the Corporation receive the permission of the stock exchange on which the common shares are then listed), and are subject to earlier termination upon the termination of the employee's employment, upon the

optionee ceasing to be a director and/or officer of the Corporation, or upon the retirement, permanent disability or death of an optionee. The options vest over a period determined by the Board of Directors. The options are non-transferable and non-assignable unless specifically provided for in the Plan. There is no agreement whereunder financial assistance will be provided by the Corporation to facilitate the purchase of shares under the Plan.

The Plan permits the Board of Directors to suspend or terminate the Plan, as well as to amend or revise the terms of the Plan, subject to any applicable regulatory approval, provided that no such amendment or revisions shall alter the terms of any options theretofore granted under the Plan.

In addition to the above terms, effective as of March 24, 2011, the Board of Directors approved, subject to the necessary regulatory acceptance, an amendment of the Plan to address recent changes to the *Income Tax Act* (Canada) with respect to the withholding and remittance of source deductions on the exercise of stock options (the “**Plan Amendment**”). Specifically, the Plan Amendment added a subparagraph (f) to Section 10 of the Plan, as follows:

“(f) the Corporation shall be entitled to take all steps necessary to ensure that sufficient funds are provided to the Corporation by the Participant to enable the Corporation to satisfy all withholding tax and other source deduction requirements in respect of the exercise of an Option by the Participant that are imposed by any applicable law, including: (i) deducting and withholding any amount from any payments made to the Participant, whether hereunder or otherwise; (ii) requiring from the Participant a cash payment, certified cheque or bank draft in the amount specified by the Corporation; and (iii) requiring that the Participant enter into a same-day sale in respect of some or all of the Shares received on the exercise of an Option, with a portion of the sale proceeds being remitted directly to the Corporation.”

Outstanding Stock Options Available for Issuance

The following table summarizes, as of March 21, 2011, the number of stock options that have been exercised under the Plan since its inception, the number of stock options outstanding as of March 21, 2011, and the number of stock options remaining available for grant as of March 21, 2011.

Stock options outstanding	3,321,207	6.63%
Stock options available for grant	1,689,953	3.37%
